## Capturing the Vision

Photographer Jimi Smith has taken stunning photos of more than two thousand residential swimming pools, along the way building a strong reputation as the industry's *go-to* photographer. He's made high art of his images, capturing the beauty of pools using his gifted eye and modern photographic technology.

## 8 Things You Didn't Know About Humidity

Most people are uncomfortable in hot and humid weather. Indeed, moisture content in the air often dictates whether or not we are able to enjoy being outdoors. But how much do we really know, or don't know, about how this most impactful of atmospheric conditions actually works? You might be surprised by our collective lack of humid understanding.

## Restoring Waters Past (classic)

The restoration of historic swimming pools is one of the most specialized of all watershaping activities, observes engineer and commercial pool designer William N. Rowley. It's work that requires patience and technical prowess in addition to sensitivity to an old pools' special needs. Here he offers a set of prime examples of the care required when renovating historic waters.
