Places & History 2023

A Beautiful Behemoth

In a provocative effort to draw attention to the plight of world's oceans, one artist looks beneath the surface with his stirring sculptures, created to attract humans and provide new marine habitats. One work in particular is gaining recognition due to its size, beauty and deep meaning.

Teaming with History

The Arizona Biltmore is a truly historic property with a unique design pedigree. Crystal Fountains' David L'Heureux reports that his company's participation encompassed providing state-of-the-art fountain lighting and jet systems, as well as acting as a fountain design consultant on an elite project teams.

The Two Ocean Stream

There's a place in Wyoming where visitors can watch a flow of water divide on the crest of the Continental Divide, beginning journeys that lead thousands of miles in opposite directions, eventually flowing into the Pacific and Atlantic Oceans. This unique hydrological feature is one-of-a-kind in North America.

A Century of Reflections

Completed in 1923, the *Lincoln Memorial Reflecting Pool* is one of the truly iconic and most recognizable watershapes in the U.S. Serving as a visual centerpiece for the Mall in Washington D.C., the glassy expanse of water has undergone a major renovation, faced a number of ongoing maintenance challenges -- and been the site of numerous historic events.

The Divine & Deadly Pit of Mystery

Bodies of water are often the center of attention, especially those located in historic settings. When the water is the subject of mystery and folklore, interest can be piqued even higher. That's certainly the case for a spring known as *Fosse Dionne* in France's Burgundy region, where the water is shrouded in death, myth and mystery.

Finding a Southern Treasure

Protecting its most beautiful waters and landscapes is a cultural priority seen as a civic responsibility in New Zealand. One example can be found in a shimmering body of water known as *Te Waikopopupu Springs*, which stands among the island nation's dreamlike places that are being treasured and preserved for future generations – and a great reason to visit.
