WATER SHAPES

Exploring the Art and Science of Water

November 7, 2023

watershapes.com

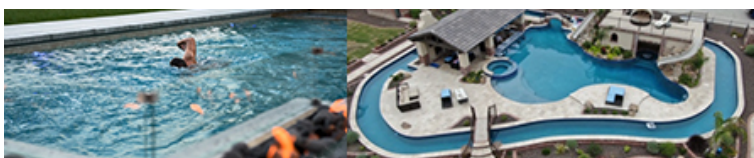

Featuring

Fit for Friends

Nestled on the banks of Lake Norman, NC, the project was created for a couple who love to entertain, enjoy the good life, and wanted something none of their neighbors had. The result is a balanced composition of form and function from Lea and George Frederick.

Fine Points: Spa Plumbing

Plumbing spas may not be rocket science, but it does require careful attention to detail, says Kevin Cobabe. Continuing his series covering the fine points of construction, he turns the focus on the pipes and fixtures that put the “ahhh” in spa.

Peace & Pleasure at the Water's Edge

Working for one of the leading pond suppliers and builders in the U.S., Jennifer Zuri has seen countless examples of beautiful, naturalistic watershapes. When it came time to install a pond for her and her family, even with all her experience, she wasn't completely prepared for the positive impact it would have on their lives.
