Featuring

Theme Ships Ahoy

Given that ships and shipwrecks are inherently tied to water, it only makes sense that interactive, ship-themed splashpad water features are a natural fit, for ocean enthusiasts and landlopers alike. Here's a look inside the popular interactive-fountain genre.

Commentary: The Misguided Push to Eliminate Natural Gas from California's Backyards

Legislative moves to prohibit natural gas from backyards in California is badly misguided, argues Scott Cohen. While reducing carbon emissions is a valid objective, he says, trying to do so by eliminating natural gas-driven amenities does little to help the environment while stabbing at the heart of the state's renown outdoor lifestyle.

Square Roots & Cross Purposes

Tailoring pool designs that marry the clients' desires with the setting is always top-of-mind for Joan Roca. Here, he describes a project on the Florida coast that stands as a perfect example of his design approach. In this case, he turned to a basic shape and a host of custom details, to create a unique watershape that offers functionality, and a striking centerpiece that unifies house, land and sea.

Sculptural Inclinations (Celebrating 25 Years of *WaterShapes*)

Throughout its long-published history, *WaterShapes* has often turned to the world of sculpture as a source of inspiration. From historic works to the efforts of today's most daring visual artists, the magazine has explored the combination of water and three-

dimensional art. This feature from February 2002, by sculptor Rafe Affleck is a classic example.

WU Launches New Student Portal

In an effort to improve the student experience and access to its spectrum of educational offerings, as of July 8, Watershape University has deployed an extensive student portal technical upgrade. The purpose of this new system is to streamline online/on-demand course delivery, live course registration, and e-commerce functionalities.
